“Piracy Living Room” Presentation and Discussion with NBCUniversal Executives:

Andrew Skinner, Sr. Director, Intellectual Property Operations, NBCUniversal
Bo Afshar, Manager, IP Security and Technology, NBCUniversal

Description: NBCUniversal technology and policy experts will provide an in-depth presentation on the online piracy ecosystem. The presentation will include demonstrations of how consumers typically obtain unlawful content and how content-theft sites profit through advertising, subscriptions, and malware distribution. The group will also discuss the legal and political efforts the industry is undertaking to reduce the theft of film and television content, and the importance of international trade agreements to that effort. The presentation will also discuss “piracy devices and apps”: the fast-growing phenomenon of set-top boxes that, like Apple TV or Roku, attach to the television to provide easy access to Internet content, but, unlike those legitimate devices, tap into pirated sources for live channels and video on demand content.

9:10AM-10:50AM	<p>Educational Tour of Universal Lot</p> <p>Description: The tour will provide a first-hand look at the film and TV production process. The presentations will demonstrate how NBCUniversal has worked to reimagine the film experience in new and inventive ways for consumers. The group will visit physical sets, post-production offices with demonstrations on digital editing, and the Wizarding World of Harry Potter experience at Universal Studios. Throughout the visit, we will discuss the extensive resources that are invested in creating original content and park experiences, and the importance of protecting this valuable intellectual property, including copyrights, trademarks, and the licensing marketplace.</p>
10:50AM	<p>Proceed to shuttle bus</p>
11:15AM	<p>Depart Universal Studios for Warner Bros.</p> <p>Location: WB Gate 7, 6561 Forest Lawn Drive, Los Angeles, CA 90068</p>
11:45AM-12:45PM	<p>Lunch</p> <p>Location: SJR Lobby</p>
12:15PM-12:45PM	<p>Remarks and Q&A with Thomas Gewecke, Chief Digital Officer and Executive Vice President, Strategy & Business Development, Warner Bros. Entertainment</p> <p>Description: Remarks will focus on the way we now consume content, including the proliferation of streaming, direct-to-consumer viewing platforms both at home and on mobile devices. We will discuss how the way in which we watch movies and television has changed radically in the last five years and how we see that evolving further in the future.</p>
12:45PM-2:40PM	<p>Remarks and Educational Tour of Warner Bros. led by Michael Walbrecht, Vice President, Public Affairs, Warner Bros.</p> <p>Description: Michael Walbrecht will meet with the group to review and discuss federal and state film and television tax policies that impact the film and television industry, along with the pressures of overseas incentives to lure domestic production offshore. Specifically, he will present information on the relationship between the Section 181 tax incentive and state film credits, and how decisions on filming location can impact the economic viability of productions. Walbrecht will also discuss the importance of trade policies to the film and television industry's efforts to protect intellectual property in a global digital economy. The group will continue on an educational tour of Warner Bros.' back-lot facilities. Potential stops, depending on production schedules, will include sound stages to showcase the jobs related to building and maintaining a set, and post-production facilities (i.e. sound dubbing, editing) to highlight the major technology investments required to produce and distribute films and television shows.</p>

The presentation will include demonstrations of how consumers typically obtain unlawful content and how content-theft sites profit through advertising, subscriptions, and malware distribution. The group will also discuss the legal and political efforts the industry is undertaking to reduce the theft of film and television content, and the importance of international trade agreements to that effort. The presentation will also discuss “piracy devices and apps”: the fast-growing phenomenon of set-top boxes that, like Apple TV or Roku, attach to the television to provide easy access to Internet content, but, unlike those legitimate devices, tap into pirated sources for live channels and video on demand content.

9:10AM- Educational Tour of Universal Lot

Description: The tour will provide a first-hand look at the film and TV production process. The presentations will demonstrate how NBCUniversal has worked to reimagine the film experience in new and inventive ways for consumers. The group will visit physical sets, post-production offices with demonstrations on digital editing, and the Wizarding World of Harry Potter experience at Universal Studios. Throughout the visit, we will discuss the extensive resources that are invested in creating original content and park experiences, and the importance

of protecting this valuable intellectual property, including copyrights, trademarks, and the licensing marketplace.
